Custodian of Records
Public Information Officer
Nevada Office of the Governor

PIO,

Under the Nevada Open Records Act (NRS.239), revised under SB287 taking effect October 1, 2019, we are requesting the following:

1. A copy of all emails between the Governor and medical experts, his staff and other state governors related to his decision to lift the mask mandate on Feb 10, 2022, including communication logs.
2. Copies of any other open records requests from other news outlets for the same documents.

It is intended that this request encompass any and all public records in the control of Nevada Office of the Governor. It is asked that this request be considered in the broadest possible way allowed under Nevada law.

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$25.00. However, we would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of the your agencies' history and process.

Specifically, as a news organization, we ask for any and all public records subject to NRS 239.0105(1) which are applicable to the above request. This request should be considered in the broadest possible way allowed under Nevada law.

If access to the records we are requesting will take longer than a 'reasonable' amount of time, please contact me with information about when we might expect copies or the ability to inspect the requested records.

Notice: You now have five days in which to comply with this request Under the Nevada Open Records Act (NRS.239), revised under SB287 taking effect October 1, 2019.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Please email doc back all responses and documents back to me at:

Thank you for considering my request.

Sincerely,
